To Winston M Alvarado,

RE: Patent No. 10/566,137

With such a great distance and time difference between our countries, making a telephone call has turned out to be very time consuming and uneventful.

Is it at all possible for you to send me documentation indicating the future steps I will need to take and fees that I will need to pay?

Because I do not have a Patent Attorney to guide me, I am in need of the guide lines to ensure that under no circumstances, does this patent fall by the way side because of something that I was unaware of.

I look forward to your reply.

My sincere regards  
Cindy Opresnik
